Lodge Tyre Co Ltd is independent so we can offer any make of tyre to our customers at competitive prices. We are active members of the Independent Tyre Distributors Network (ITDN), National Tyre Distributors Association (NTDA), and the Bridgestone Truck Point Network. This ensures we can service fleets anywhere in the UK and on the Continent.

Our commercial strategy is to concentrate on regional fleets offering them a complete tyre management system normally only enjoyed by much larger fleets. We aim to be market leaders in the regional fleet market, but we are also in a position to service larger fleets through the ITDN and our partnership agreements with Bridgestone and Vaculug.

Our retail strategy is aimed at tapping the potential of 'Fast - Fit' products and services. Through quality of service and competitive pricing we want to retain and build on our loyal customer base.

We will remain a family concern and are committed to the well being and future development of our staff. We recognise the importance of those that work for us and view them as our most important asset. We take pride in being a Midlands based business and serving the local communities within which we are based.
